Dear Sir / Madam:

As a recent post-graduate from MES College Of Engineering Kuttipuram with a Master of Computer Applications in Computer Science. Completed a Course in python Django Angular Full Stack Development from Luminar Technolab Kochi . I am extremely interested in the python developer trainee opportunity posted on your LinkedIn page. After reviewing the key qualifications for this role, I am confident that I am well-prepared to be a valuable contributor to company growth and success.

Throughout my academic journey, I applied a strong focus on building my Technical and Professional abilities. I am detail-oriented and meticulous when managing competing priorities within tight deadlines. I work best in roles where utilizing researchers allows me to make a positive impact while using creative problem-solving to resolve issues and achieve goals.

My academic strengths have greatly contributed to the development of my communication, problem-solving, and teamwork skills. I bring clear and effective communication to build professional connections with co-workers, management, and customers. I would welcome the opportunity to further discuss the details of my experience and attributes which I believe will be an asset to your team. Please review my attached resume for additional insight into my background. Thank you for your time and consideration.

Sincerely,

FAYIZA BEEGAM P
